# LAB-ASSIGNMENT-2 WEB-DEVELOPMENT

3. Make an ordered list that has capital roman numerals at the highest level and lower case roman numerals for the second level items. List three countries at the first level, and for each of those list two spoken languages in that country.
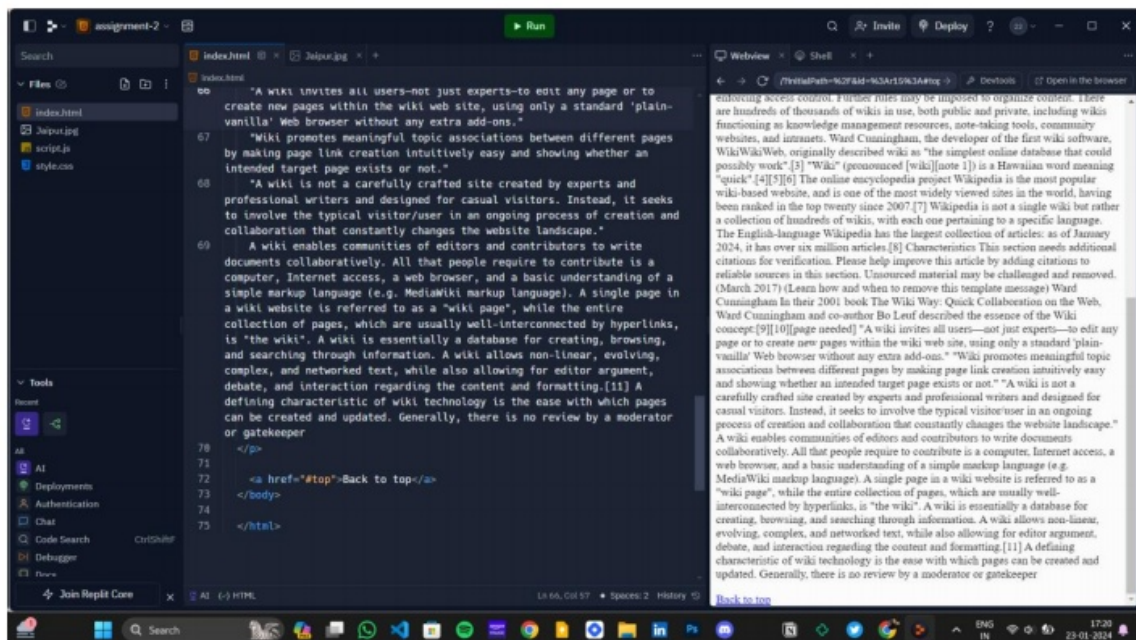

4.

6. Make a webpage that links to four of your favorite websites.

7. Make a webpage with a link at the bottom that when clicked will jump you all the way to the top of the page.

8. Make a webpage with a link at the top of it that when clicked will jump all the way to the bottom of the page. At the bottom of the page there should be a link to jump back the top of the page.
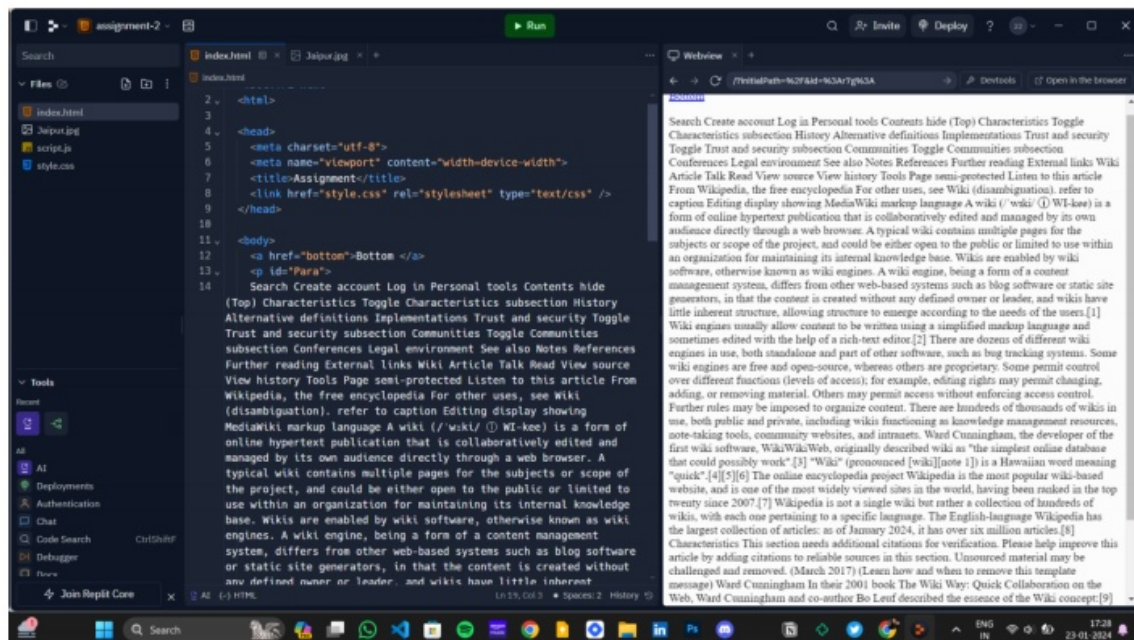

9.Make a webpage with an image that has a border of size 2, a width of 200, and a height of 200.
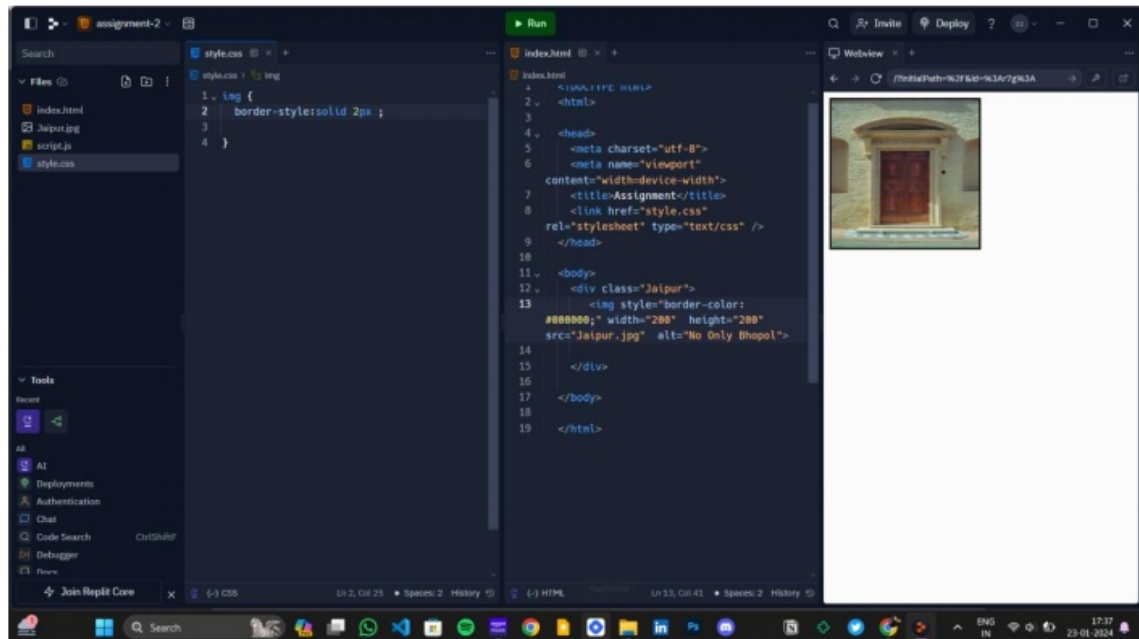

10.Make a webpage with five different images. Skip two lines between each image (Use <br> tag). Each image should have a caption.
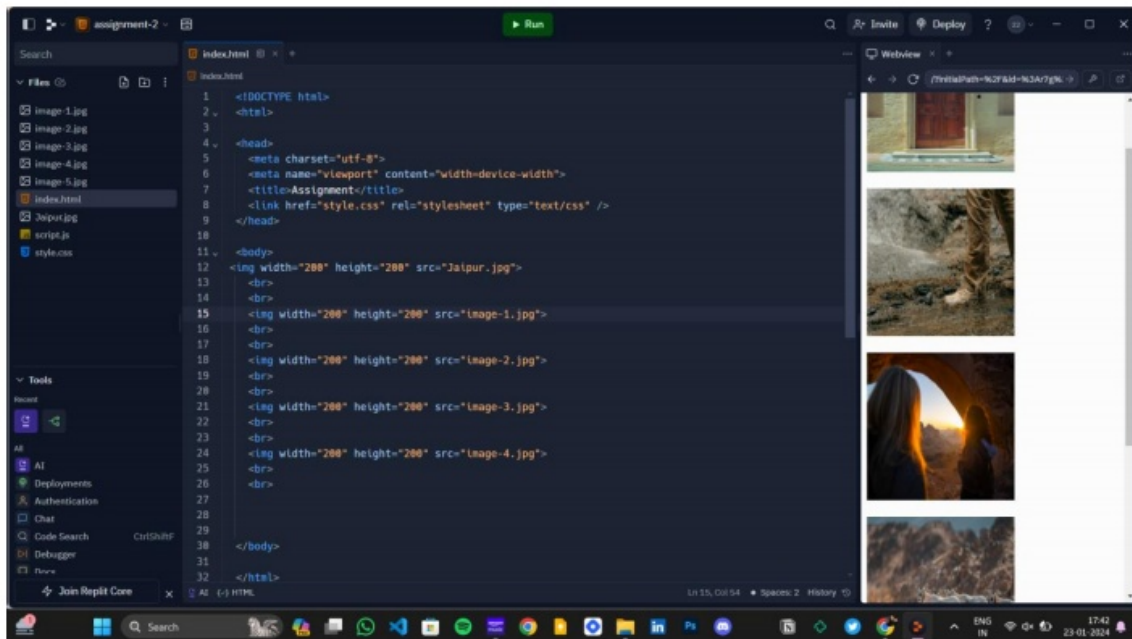

11. Make a webpage with an image that when clicked will link to a search engine of your choice.

1. Image:
